Regarding: Covid 19 Update

Dear Valued Current, Past and Future Customers:

In the early stages of the Covid crisis, the Homes Canada Group was quick to take proactive measures to protect the public and its employees. We closed our gates at United Homes Canada and Grandview Modular to "Open House" style viewing on March 20th. Suffice it to say, it has not been "Business as Usual", but we feel it is important to inform you that we are in fact still "Open for Business." We are proud to announce that we have not laid off a single employee and we are still operating at the office taking calls and booking service for our existing customers and providing quotes for future needs. We are also proud of our protocols which have resulted in absolute certainty of not having contributed to the spread of Covid 19.

During the past several weeks, however, we have received several queries about whether or not we are still showing our homes in person. The answer is "YES", but as stated previously it is not like before. Instead, we are booking viewings by appointment only between Monday-Saturday. We still suggest that you conduct as much research as you can from home, but we respect that everyone is looking to the future and the ultimate decisions of buying a home cannot be made without experiencing the quality and finishing in person. So, although we are continuing to offer a virtual experience, we also encourage you to book your physical experience with one of our hosts. We will open and show the homes to you while maintaining a safe distance, and ensure that you need not touch anything and continue to be safe.

We love to educate, show and tell what separates our team and product offering from any other, but at this time we will only serve one group at a time, so please do not just "Show Up", without calling ahead and making appropriate arrangements. Inquire at info@unitedhomescanada.com or call 403-912-2450 or 1-800-461-7632.

Thank you for continued support.

Sincerely,

Steve Vail

President
